

The Importance of Warmth

It is important to discuss the quality of warmth and its connection to our health. Warmth supports all healing. Loss of warmth often leads to illness.

As you may know, children only gradually grow into the ability to sense temperature. By age nine, children can realize whether they are hot or cold, but not before.

How can we incorporate warmth into our students' days as Winter begins to blanket us in snow and frost?

6:00pm

Time: 3rd Thursday of the month at 6pm

Topic: Winterberry Charter Council

Time: 6pm
